

COPY WRITING DOC. FOR LEANO ENERGY

(THIS IS THE FIRST DRAFT)

Leano Energy Website Copy Refinement Document

This updated based on Company Profile

Document Prepared For: Leano Energy

Date: April 14, 2026

Purpose: Align website copy with actual company profile , Fuel Distribution, Logistics, and Energy Solutions

Important Note

Based on the company profile provided, Leano Energy is a fuel distribution and energy solutions company

Core Business:

- Bulk fuel distribution (diesel, petrol, paraffin)
- Oils and lubricants supply
- Fuel management systems
- Storage tank installation
- Biofuel solutions
- Level 1 BBBEE contributor (100% black youth owned)

This document completely rewrites the website copy to accurately reflect what Leano Energy actually does.

Core Messaging Framework

Company Positioning:

"Leano Energy : Fueling Successful Journeys"

Value Proposition:

"Bulk fuel distribution, fuel management solutions, and energy products , delivered with reliability, integrity, and a commitment to sustainable growth in South Africa."

Key Differentiator

Differentiator	Why It Matters
Level 1 BBBEE Contributor	100% black youth owned : ideal for BEE requirements
Fuel Management Systems	Stop fuel theft, monitor usage, reduce costs
Direct Refinery Relationships	Access to Sasol, Shell, BP, Engen, Chevron
Nationwide Coverage	Gauteng, Mpumalanga, Limpopo, North West
Youth-Owned Innovation	Fresh thinking, design-led approach
Education Focus	Giving back through empowerment

HOME PAGE (Index.html)

Hero Section (Slider)

PROPOSED COPY:

SLIDE 1:

Small Tagline: Bulk Fuel Distributors

Main Headline: "Fueling Successful Journeys , Delivering Energy That Powers South Africa"

Supporting Text: "Leano Energy is a Level 1 BBBEE fuel distributor providing diesel, petrol, paraffin, oils, and lubricants to industries across Gauteng, Mpumalanga, Limpopo, and the North West."

CTA: "Request a Quote Today"

Secondary CTA: "View Our Products"

SLIDE 2:

Small Tagline: Fuel Management Solutions

Main Headline: "Stop Fuel Theft. Cut Costs. Take Control."

Supporting Text: "Our fuel management systems monitor your monthly usage, prevent theft, and ensure you're always refueled on time. We install on-site storage tanks and provide real-time monitoring."

CTA: "Learn About Fuel Management"

Secondary CTA: "Explore Our Services"

SLIDE 3:

Small Tagline: Sustainable Energy Solutions

Main Headline: "Powering Growth , Responsibly"

Supporting Text: "We're committed to sustainable energy. From biofuel solutions to promoting renewable energy, we're building a cleaner, greener future for South Africa."

CTA: "Contact Our Team"

Secondary CTA: "Read Our Story "

Trust Bar (Add After Hero)

PROPOSED COPY:

"Level 1 BBBEE Contributor: 100% Black Youth Owned"

"Authorized Distributors for Sasol, Shell, BP, Engen & Chevron"

"Serving Gauteng, Mpumalanga, Limpopo & North West"

About Section (Home Page)

PROPOSED COPY:

SUBTITLE: Who We Are

HEADLINE: "Youth-Owned. Level 1 BBBEE. Driven by Innovation."

BODY TEXT:

"Leano Energy is a Level 1 BBBEE fuel distributor founded on the belief that South Africa's future lies in the hands of its youth. As a 100% black youth-owned company, we bring fresh thinking, innovative ideas, and a commitment to sustainable growth to the fuel industry.

We are licensed wholesalers and distributors of bulk fuels, diesel, paraffin, oils, and various lubricants. Our products serve clients across Gauteng, Mpumalanga, Limpopo, and the North West , including mining, agriculture, logistics, airports, factories, and municipalities.

What sets us apart:

- Direct relationships with major refineries (Sasol, Shell, BP, Engen, Chevron)
- Fuel management systems that reduce costs and prevent theft
- On-site storage tank installation
- Commitment to sustainable energy and eco-friendly practices"

CTA: "Learn More About Us"

Services Section (Home Page)

PROPOSED COPY:

SECTION TITLE: Our Solutions

HEADLINE: "Complete Fuel and Energy Solutions for South African Industry"

DESCRIPTION:

"From bulk fuel supply to fuel management and renewable energy solutions, we provide everything you need to keep your operations running efficiently."

Service Cards (Home Page)

Service 1: Bulk Fuel Supply

HEADLINE: Bulk Fuel Distribution

DESCRIPTION:

"We supply high-quality fuels to industries across Gauteng, Mpumalanga, Limpopo, and the North West. Our products include:

- Petrol Unleaded (93, 95ULP)
- Diesel (50, 500PPM)
- Illuminating Paraffin
- Oils & Lubricants
- Biofuel

Backed by relationships with Sasol, Shell, BP, Engen, and Chevron, we ensure reliable supply at competitive prices."

CTA: "Request a Quote"

Service 2: Fuel Management Systems

HEADLINE: Fuel Management Solutions

DESCRIPTION:

"Protect your business from fuel theft and reduce costs with our comprehensive fuel management system:

- On-site storage tank installation
- Monthly usage monitoring
- Automatic refueling scheduling
- Real-time reporting
- Accuracy of 99% or better

We install new and reconditioned diesel storage tanks and bowzers to your specifications."

CTA: "Learn About Fuel Management "

Service 3: Oils & Lubricants

HEADLINE: Complete Oil and Lubricant Solutions

DESCRIPTION:

"We supply a full range of oils and lubricants for all industrial applications:

- Engine oils
- Gear oils
- Drive train oils
- Hydraulic oils
- Compressor oils
- Industrial oils

All products available at competitive prices. We source and deliver what you need."

CTA: "Contact Our Team"

Service 4: Biofuel & Sustainable Energy

HEADLINE: Sustainable Energy Solutions

DESCRIPTION:

"We're committed to promoting sustainable energy through innovative solutions:

- Blended biofuel , cleaner and safer for engines
- Renewable energy promotion
- Eco-friendly practices
- Helping clients reduce their carbon footprint

Join us in building a sustainable future for South Africa."

CTA: "Learn About Biofuel "

Trust Indicators (Icons)

PROPOSED COPY:

Level 1 BBBEE Contributor : 100% Black Youth Owned

ABOUT US PAGE

About Hero Section

PROPOSED COPY:

SUBTITLE: About Leano Energy

HEADLINE: "Youth-Owned. Level 1 BBBEE. Driven by Innovation."

DESCRIPTION:

"Leano Energy was founded with a clear mission: empower South African youth through innovation and deliver reliable, sustainable energy solutions to industries across the nation.

As a 100% black youth-owned Level 1 BBBEE contributor, we bring fresh thinking to the fuel industry. We believe that a country's future is in the hands of its youth , and we're committed to opening doors, creating opportunities, and driving economic growth.

We're licensed wholesalers and distributors of bulk fuels, diesel, paraffin, oils, and various lubricants. We serve clients across Gauteng, Mpumalanga, Limpopo, and the North West, providing energy solutions to mining, agriculture, logistics, airports, factories, and municipalities."

KEY STATS BOX:

- Level 1 BBBEE Contributor
- 100% Black Youth Owned
- Refinery Partners: Sasol, Shell, BP, Engen, Chevron
- Coverage: Gauteng, Mpumalanga, Limpopo, North West
- Specialization: Bulk Fuel Distribution & Fuel Management

Mission & Vision Section

LOCATION: Insert after Hero

PROPOSED COPY:

SUBTITLE: Our Purpose

HEADLINE: "Sustainable Values. Empowerment. Excellence."

VISION:

"Developed on sustainable values and creating empowerment opportunities in South Africa, whilst striving to promote sustainable energy."

MISSION:

"Leano Energy aims to enter the green energy market by promoting renewable energy together with high quality and affordable services."

VALUES:

"We conduct our business with integrity and are committed to meeting and exceeding customer expectations to ensure client retention."

Objectives Section

PROPOSED COPY:

SUBTITLE: Our Commitments

HEADLINE: "What We Strive For"

OBJECTIVES:

- Quick, efficient, on-time delivery to all customers
- Stable, non-fluctuating fuel prices
- Sustainable customer relationships built on trust and respect
- Combining technology and efficiency into daily operations
- Promoting sustainable energy
- Being as eco-friendly as possible
- Safe supply of storage tanks and monitoring of monthly usage
- Reducing costs for client trucks and plant machinery

Products & Services Section

PROPOSED COPY:

SUBTITLE: What We Supply

HEADLINE: "Premium Fuel Products , Refined Solutions"

DESCRIPTION:

"Leano Energy has established relationships with major refineries in South Africa including Sasol, Shell, BP, Engen, and Chevron. These partnerships provide us the capacity to deliver large volumes of all products at competitive prices.

Our price monitoring system enables us to source products at highly competitive prices, distributing to our clients with comparatively low margins."

PRODUCTS WE SUPPLY:

- Petrol Unleaded (93, 95ULP)
- Diesel (50, 500PPM)
- Illuminating Paraffin
- Oils and Lubrications (Full Range)
- Biofuel

INFRASTRUCTURE:

"We install new and reconditioned diesel storage tanks and bowsters on client premises. We supply above ground tanks in all sizes, tailored to any specification, coupled with pump sets."

CTA: " Request a Quote "

Fuel Management Section

PROPOSED COPY:

SUBTITLE: Fuel Management Solutions

HEADLINE: "Take Control of Your Fuel Costs"

DESCRIPTION:

"Fuel theft occurs in several ways:

- Siphoning from tanks
- Filling extra containers at garages
- Obtaining slips for amounts exceeding actual volume filled

With our fuel management system, these problems are eliminated."

BENEFITS:

Streamline fuel expenditure

Live monitoring and reporting
99% or better accuracy
Reduced operational costs
Automated refueling scheduling

CTA: " Implement Fuel Management Today"

Comparative Advantages Section

PROPOSED COPY:

SUBTITLE: Why Choose Leano Energy

HEADLINE: "One-Stop Fuel Solutions , With a Difference"

ADVANTAGES:

1. One-Stop Energy Shop

"We provide all the energy products you need to operate. Plus, we offer blended biofuel , an innovative, renewable energy source that's less harmful to the environment and cleaner for engines."

2. Reliable Logistics & Delivery

"We've aligned ourselves with local accredited logistics entities to ensure all deliveries are done on time, in the best possible manner, and with minimal disruption to your operations."

3. Complete Oil & Lubricant Supply

"We have access to all oils and lubricants , engine oils, gear oils, drive train oils, hydraulic oils, compressor oils, and industrial oils. All at the best possible prices."

4. Fuel Management Technology

"Our fuel management solutions provide clear, quantifiable benefits , streamlining fuel expenditure through effective live monitoring and reporting."

Supportive Culture Section

PROPOSED COPY:

SUBTITLE: Giving Back

HEADLINE: "Empowering the Next Generation"

DESCRIPTION:

"With South Africa being a developing country, there's much room for improvement. Giving back to the youth and empowering the African child is one of Leano's deepest desires.

The root of empowerment lies in education , it's the one tool that can never be taken away. We plan to develop an education fund that enables children to study fields of chemical engineering, mining, and construction through financial aid.

These industries allow us to promote sustainable growth through renewable energies, ensuring future generations a clean and healthy environment.

This is our responsibility , and our privilege. "

SERVICES/PRODUCTS PAGE

Products Hero Section

PROPOSED COPY:

SUBTITLE: Our Products

HEADLINE: "Premium Fuel Products for Every Industry"

DESCRIPTION:

"Leano Energy supplies high-quality petroleum products across Gauteng, Mpumalanga, Limpopo, and the North West. We partner with major refineries to ensure consistent quality and competitive pricing."

Products Detail Section

PROPOSED COPY FOR EACH PRODUCT:

Product 1: Petrol Unleaded (93, 95ULP)

"High-quality unleaded petrol for automotive and industrial applications. Available in 93 and 95 octane ratings."

Supplied By: Sasol, Shell, BP, Engen, Chevron

CTA: " Request a Quote"

Product 2: Diesel (50, 500PPM)

"Premium diesel fuel for commercial and industrial use. Available in 50PPM and 500PPM sulfur content."

Application: Mining, agriculture, logistics, factories

CTA: " Request a Quote"

Product 3: Illuminating Paraffin

"Quality paraffin for heating, lighting, and industrial applications."

CTA: " Request a Quote"

Product 4: Oils & Lubricants

"Complete range of engine oils, gear oils, hydraulic oils, compressor oils, and industrial lubricants."

Brands: (Partner brands if applicable)

CTA: " Request a Quote"

Product 5: Biofuel

"Blended biofuel , cleaner, safer, and more sustainable. Less harmful to the environment and better for engine performance."

CTA: " Learn About Biofuel"

Fuel Management Section

PROPOSED COPY:

SUBTITLE: Fuel Management Solutions

HEADLINE: "Stop Fuel Theft. Reduce Costs. Gain Control."

DESCRIPTION:

"The demand for fuel management has reached a point where it's becoming a standard requirement for operations managers."

Our fuel management solution provides clear, quantifiable benefits:

- Live Monitoring : Track usage in real-time
- Theft Prevention : Eliminate siphoning and fraudulent refueling
- Cost Reduction : Identify savings opportunities
- Reporting : Detailed usage reports for decision making
- Accuracy : 99% or better

Included Services:

- On-site tank installation
- Monthly usage monitoring
- Automatic refueling
- Custom tank specifications"

Tank Installation Section

PROPOSED COPY:

SUBTITLE: Storage Solutions

HEADLINE: "Convenient On-Site Fuel Storage"

DESCRIPTION:

"We install new and reconditioned diesel storage tanks and bowzers on your premises for your convenience.

What We Provide:

Above ground tanks in all sizes

Custom specifications

Coupled with pump sets

New and reconditioned options"

CTA: " Discuss Your Tank Requirements"

What we still need to verify

Item	Action Needed
Phone numbers (010 442 4895, 061 427 6602)	Verify these are current
Email (info@leanoenergy.com)	Verify this is monitored
Address (120 11th Street, Parkmore, Sandton, 2196)	Verify this is current
Website (www.leanoenergy.com)	Verify this is active
BBBEE Level 1	Verify current status
Refinery partnerships	Verify all are current
Geographic coverage	Verify all areas are accurate

FINAL OVERVIEW OF THE DOCUMENT

This copy now accurately reflects what Leano Energy actually does:

- Bulk fuel distribution
- Fuel management systems
- Oils and lubricants
- Storage tank installation
- Biofuel solutions
- Level 1 BBBEE contributor

It positions Leano Energy as:

- A trusted fuel partner for South African industry
- A youth-owned company driving innovation
- A business committed to sustainability and empowerment

And it invites clients to:

- Call for quotes
- Request fuel management assessments
- Discuss tank installation
- Learn about biofuel options
